Meet Steve Zipperman

Hello, my name is Steve Zipperman and I am running for the Arizona State Senate to representing LD1.

I am an unwavering Constitutional Conservative, which means I stand for what the Founders of our Country believed in, fought and died for. They, like I, believe that a limited government is essential to a free society.

With a limited government you get less regulation, lower taxes, and minimal government interference in our daily lives.

My wife, Sharon, and I left California to escape the tyranny of their "one party system". We became "political refugees," by moving to Prescott, and in turn have a debt of gratitude to the people of Arizona for accepting us. My motivation for serving this community has never been clearer.

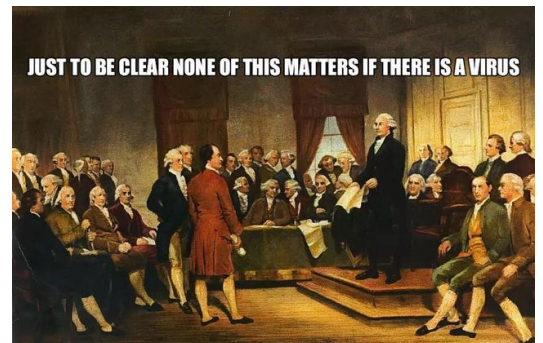

In addition to living among other patriots who still believe in the Constitution and Life, Liberty, and the Pursuit of Happiness, I feel very fortunate to be part of this District, home to a wide range of museums, historic sites, hiking trails, golf courses, and some of the most beautiful natural attractions in the Nation. With good leadership, we can strengthen our communities, help our businesses thrive and preserve the natural treasures we are blessed with.

With my experience as a trial lawyer, I have the skills necessary to understand, effectively draft, and negotiate legislation best suited for THE PEOPLE of LD-1.

Did You Know?

The Arizona Constitution contains a [Parents Bill of Rights](#), and the first 4 out of 10 rights are these:

All parental rights are reserved to a parent of a minor child without obstruction or interference from this State, any political subdivision of this State, any other governmental entity, or any other institution, including:

1. The right to direct the education of the minor child.
2. All rights of parents identified in title 15, including the right to access and review all records relating to the minor child.
3. The right to direct the upbringing of the minor child.
4. The right to direct the moral or religious training of the minor child.

We need to help parents and guardians understand and use these rights to their fullest extent!
